## Search food function

A screenshot of a search results window. At the top, there is a small icon followed by the word "cheese". Below this is a light blue header bar with the text "Search the Food you Like !!!!". The main area contains a table with three columns: "FoodName", "RestaurantName", and "Price". There is one row of data: "Cheesburger", "Burger Place", and "8.0".

| FoodName    | RestaurantName | Price |
|-------------|----------------|-------|
| Cheesburger | Burger Place   | 8.0   |

**User can search food  
or add to cart if you  
want to place order**

**View the restaurant lists and its menu**
